

Program on Print statement

Program – 1

```
#include <stdio.h>           //This is needed to run printf() function.  
  
int main()  
{  
    printf("Hello World");    //displays the content inside quotation  
    return 0;  
}
```

Out Put Screen:

Hello World

-----***-----
