Question 5:

Gandhiji strongly believed that every adult in India should be given the right to vote. However, a few people don't share his views. They feel that illiterate people, who are mainly poor, should not be given the right to vote. What do you think? Do you think this would be a form of discrimination? Give five points to support your view and share these with the class.

Answer 5:

Yes in my point of view this a kind of discrimination as

- At the time of freedom everybody fought for it so why this discrimination now for electing a candidate.
- They will feel neglected as they will not be able to participate in the Government.
- It is totally a conflict to the idea of equality of democracy
- Every adult is given right to vote
- People are not illiterate or poor by their choice
