

## Life Skills:-

## A) Caring for plants

Without plants we cannot imagine life on this earth. So we should take proper care of the plants by:

- a. Not plucking the saplings.
- b. Watering the plants/trees in the garden.
- c. Planting more saplings on waste lands.
- d. Not plucking flowers and leaves.
- e. Protecting the trees from being cut.

B) Make a list of the things of your house which comes from the plants.

Draw/paste the pictures of the things in your scrapbook.

C) Color the Slogan

## KEEP GREEN AND GO GREEN

D) Draw a coconut tree and write down the uses of its different parts.

## **FOR TEACHERS** 1. Discuss with the students about the different things we get from various plants. 2. Encourage them to speak on the importance of plants in the morning assembly
