

Division by 2-Digit Number

1. Divide to find the quotient and remainder.

a.

$$42 \overline{) 120450}$$

Quotient is _____

Remainder is _____

b.

$$15 \overline{) 121233}$$

Quotient is _____

Remainder is _____

c.

$$13 \overline{) 49653}$$

Quotient is _____

Remainder is _____

d.

$$25 \overline{) 35256}$$

Quotient is _____

Remainder is _____

e.

$$20 \overline{) 40096}$$

Quotient is _____

Remainder is _____

f.

$$18 \overline{) 32158}$$

Quotient is _____

Remainder is _____
