

Lowest Common Multiple (LCM)

1. Find the LCM of the following pairs of numbers.

a. 6 and 4

Multiple of _____ = _____

Multiple of _____ = _____

LCM of _____ and _____ = _____

b. 9 and 11

Multiple of _____ = _____

Multiple of _____ = _____

LCM of _____ and _____ = _____

c. 12 and 7

Multiple of _____ = _____

Multiple of _____ = _____

LCM of _____ and _____ = _____

d. 8 and 13

Multiple of _____ = _____

Multiple of _____ = _____

LCM of _____ and _____ = _____

e. 11 and 5

Multiple of _____ = _____

Multiple of _____ = _____

LCM of _____ and _____ = _____

f. 4 and 12

Multiple of _____ = _____

Multiple of _____ = _____

LCM of _____ and _____ = _____

g. 2 and 13

Multiple of _____ = _____

Multiple of _____ = _____

LCM of _____ and _____ = _____

h. 14 and 3

Multiple of _____ = _____

Multiple of _____ = _____

LCM of _____ and _____ = _____
