

Introduction of Place of Worship

Worship

Worship means to pray. As we know god has made everything. He is the creator of earth. God has created us also.

So we should thank him. Praying is the method that we use to thank god.

We all pray same god but we have given different names. God is one. We all pray with different names.

Some call them **Allah, Bhagwan, Waheguru** and **Jesus**.

We have different buildings also to pray GOD. In this chapter we will learn about these buildings.

Temple

Church

Mosque

Gurudwara
