

Trees Give Us Timber

Timber is very useful for us as it helps in making following:

- A. It is used for making boat.
- B. It is used for making doors, windows and furniture.
- C. It is used for cooking.
- D. It is used for making houses.
- E. We use it for making ourself warm.

Plant helps us a lot as it gives us many things. They give us fresh air to breathe. They give us pulp for making paper. They give us rubber also.
