

Types of Houses

There are two types of house. They are:

1. Kutcha House
2. Pucca House

1. Kutcha House:

When we go to the village side we see many houses. They all are mostly made up of mud, clay and straw. They are called **KUTCHA HOUSE**.

KUTCHA HOUSE

2. Pucca House:

When we go towards the cities we see these types of houses. They are made up of cement, brick, steel and wood.

PUCCA HOUSE

Earlier only cities have pucca house but now days village people also build pucca house. We should keep our house clean and tidy.

As it is a place where we feel safe.
