

## Introduction of Summer & Winter Clothes

### Clothes

In olden days Early Man wear leaves to cover their bodies. But now we wear clothes to cover our body.

Home is a place where we live. We live in the home with our family. It is very much needed to have a house to live.

⇒ Clothes help us to protect us from:

- A. Heat
- B. Rain
- C. Dirt
- D. Cold
- E. Wind

⇒ Clothes we wear:

We wear different clothes to cover our body. We know we have four seasons and we wear clothes differently.

### Summer Season

During summer season weather is very hot. So we all wear cotton clothes. As cotton clothes keep our body cool.

## Winter Season

During winter season weather is very cold. So we all wear woolen clothes in winter season.

Woolen clothes keep us warm. We get wool from the animal sheep.
