

Numbers from 1 to 9

We use **numbers** in our day to day life. They are often called numerals. Without numbers, we cannot do counting of things, date, time, money, etc.

Let's revise the number 1 to 9.....

1 Papaya →

2 Apples →

3 Oranges →

4 Oranges →

5 Oranges →

6 Oranges →

7 Oranges →

8 Oranges →

9 Oranges →

⇒ As in the same way we revise the numbers 4, 5, 6, 7, 8, 9

We use the digits from 0 to 9 to form all other numbers.

0	1	2	3	4	5	6	7	8	9
---	---	---	---	---	---	---	---	---	---

With the help of these digits, we can create infinite numbers.

For example: 15, 2167, 1432 etc...
