

Wild Animal and Domestic Animals

They are divided into two categories:

Wild Animals:

They live in forest. We cannot keep them as pet. We can see them in the zoo. Some people train them for circus, which is bad. We should never capture wild animals. They are dangerous for humans. They are also dangerous for other animals. They have big sharp teeth. We should never disturb them Lion, Tiger, Fox etc are wild animals.

Domestic Animals:

They are used as a pet. We can use them in different ways. They are very useful for us. Domestic Animals are our friends. They live with us. They give us milk. Cow and dog are Domestic Animals. We feed them. We give them house. We should not hurt them. We should take care of them. We should love them. Dog, cat, hen etc are domestic animals.
