

Addition of Money

For adding two or more amounts of money in paise, we add their numbers.

Example 1: Add 20 paise and 57 paise.

Solution: We arrange the given amount in columns and then add.

	2	0	p
+	5	7	p
<hr/>			
	7	7	p

We can also add by another method:

$$20 \text{ paise} + 57 \text{ paise} = (20 + 57) \text{ paise} = \mathbf{77 \text{ paise}}$$

Example 2: Add 45 paise and 38 paise.

Solution: We arrange 45 paise and 38 paise in columns and then add them.

Carry over		1	
	4	5	p
	+	3	8
	<hr/>		
	8	3	p

Answer: 83 paise
