

Chapter – 6 Road Safety

Class -1

E.V.S

People, bicycles, cars, and buses that move on the road are called traffic.

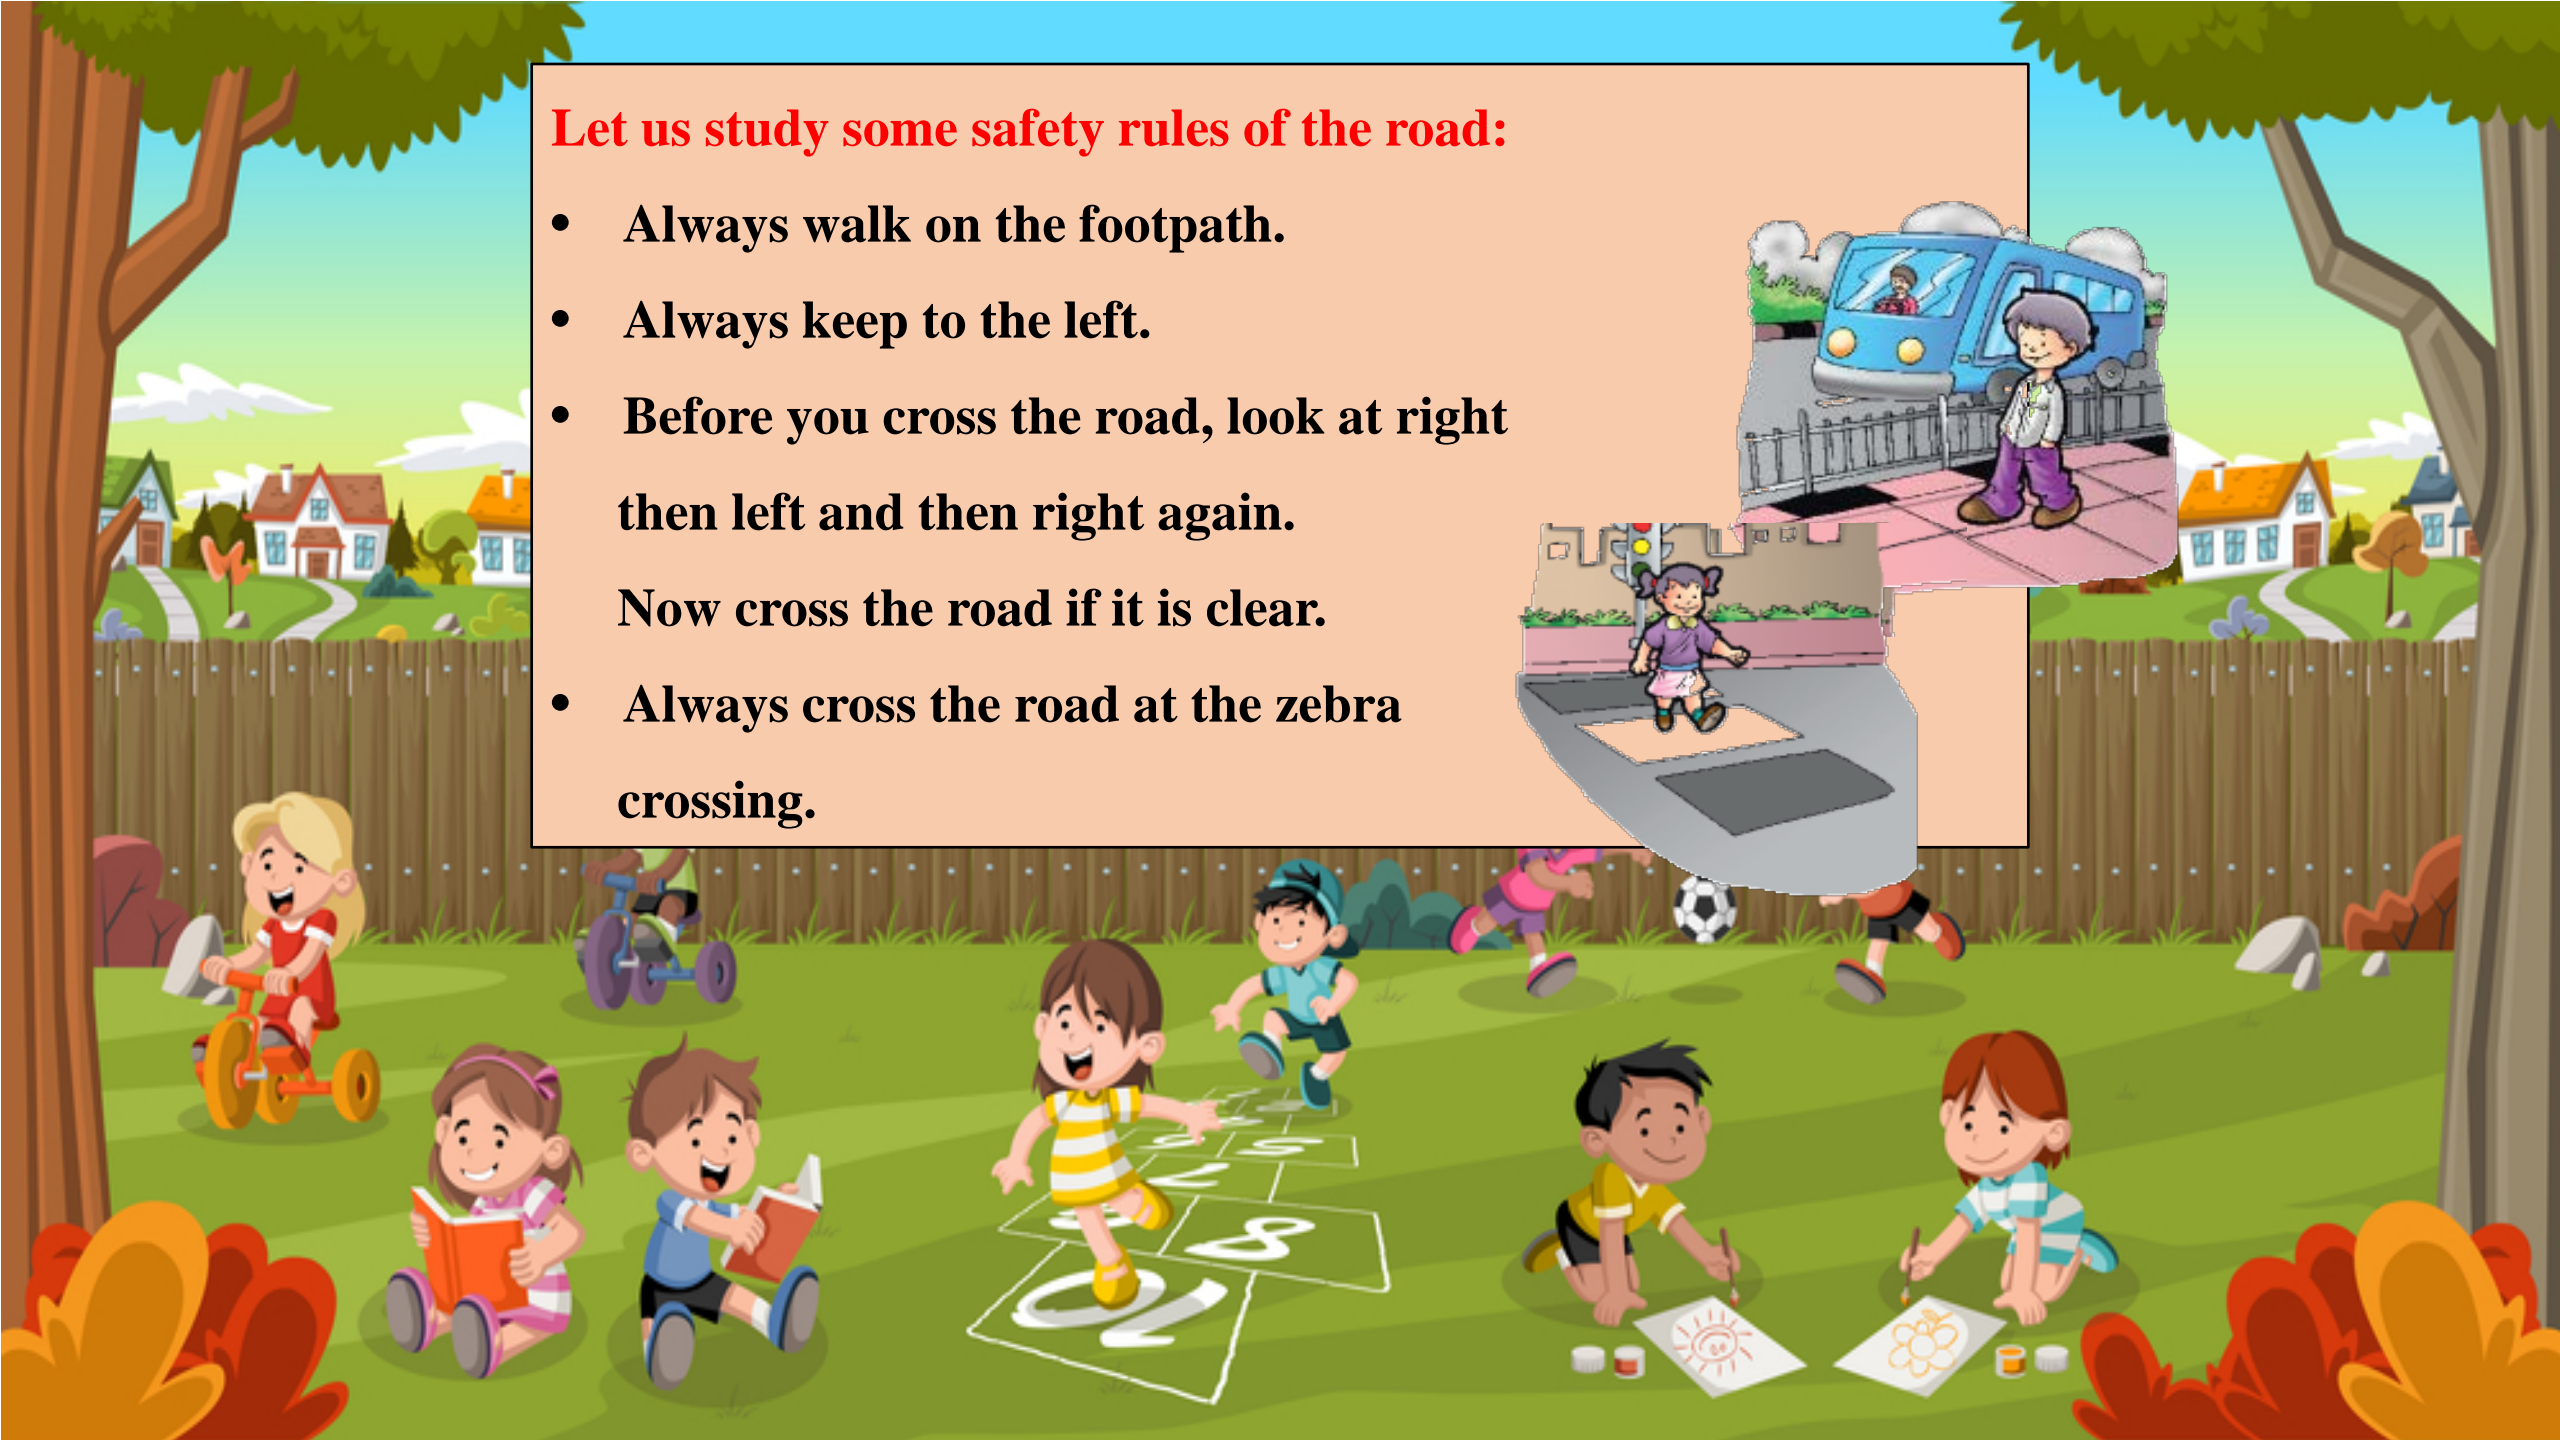

We should move very carefully on the road. We must follow the safety rules to avoid accidents.

Let us study some safety rules of the road:

- Always walk on the footpath.
 - Always keep to the left.
 - Before you cross the road, look at right then left and then right again.
- Now cross the road if it is clear.
- Always cross the road at the zebra crossing.

- **Never play on the road.**
- **Never get in or get off from the moving bus.**
- **Do not lean out of the bus.**
- **Follow the traffic lights and the traffic sign boards.**

Traffic Lights

The traffic lights are for the safety of the traffic. The colour of the lights tells us what to do.

- When lights turns red, you should stop.
- When it turns yellow, you should wait and get ready to stop or go.
- When it turns green, you should go.

Fact File

- The traffic on the road is controlled by the traffic lights and the traffic police.

Things to Remember

- We should always follow safety rules on the road to avoid accidents.
