

6.Let Me Study

CLASS 3 ENGLISH

Mother: Son, I want you to take help from Mrs. Swami.

Rohit : Mrs. Swami ? What type of help you want me to take from her ?

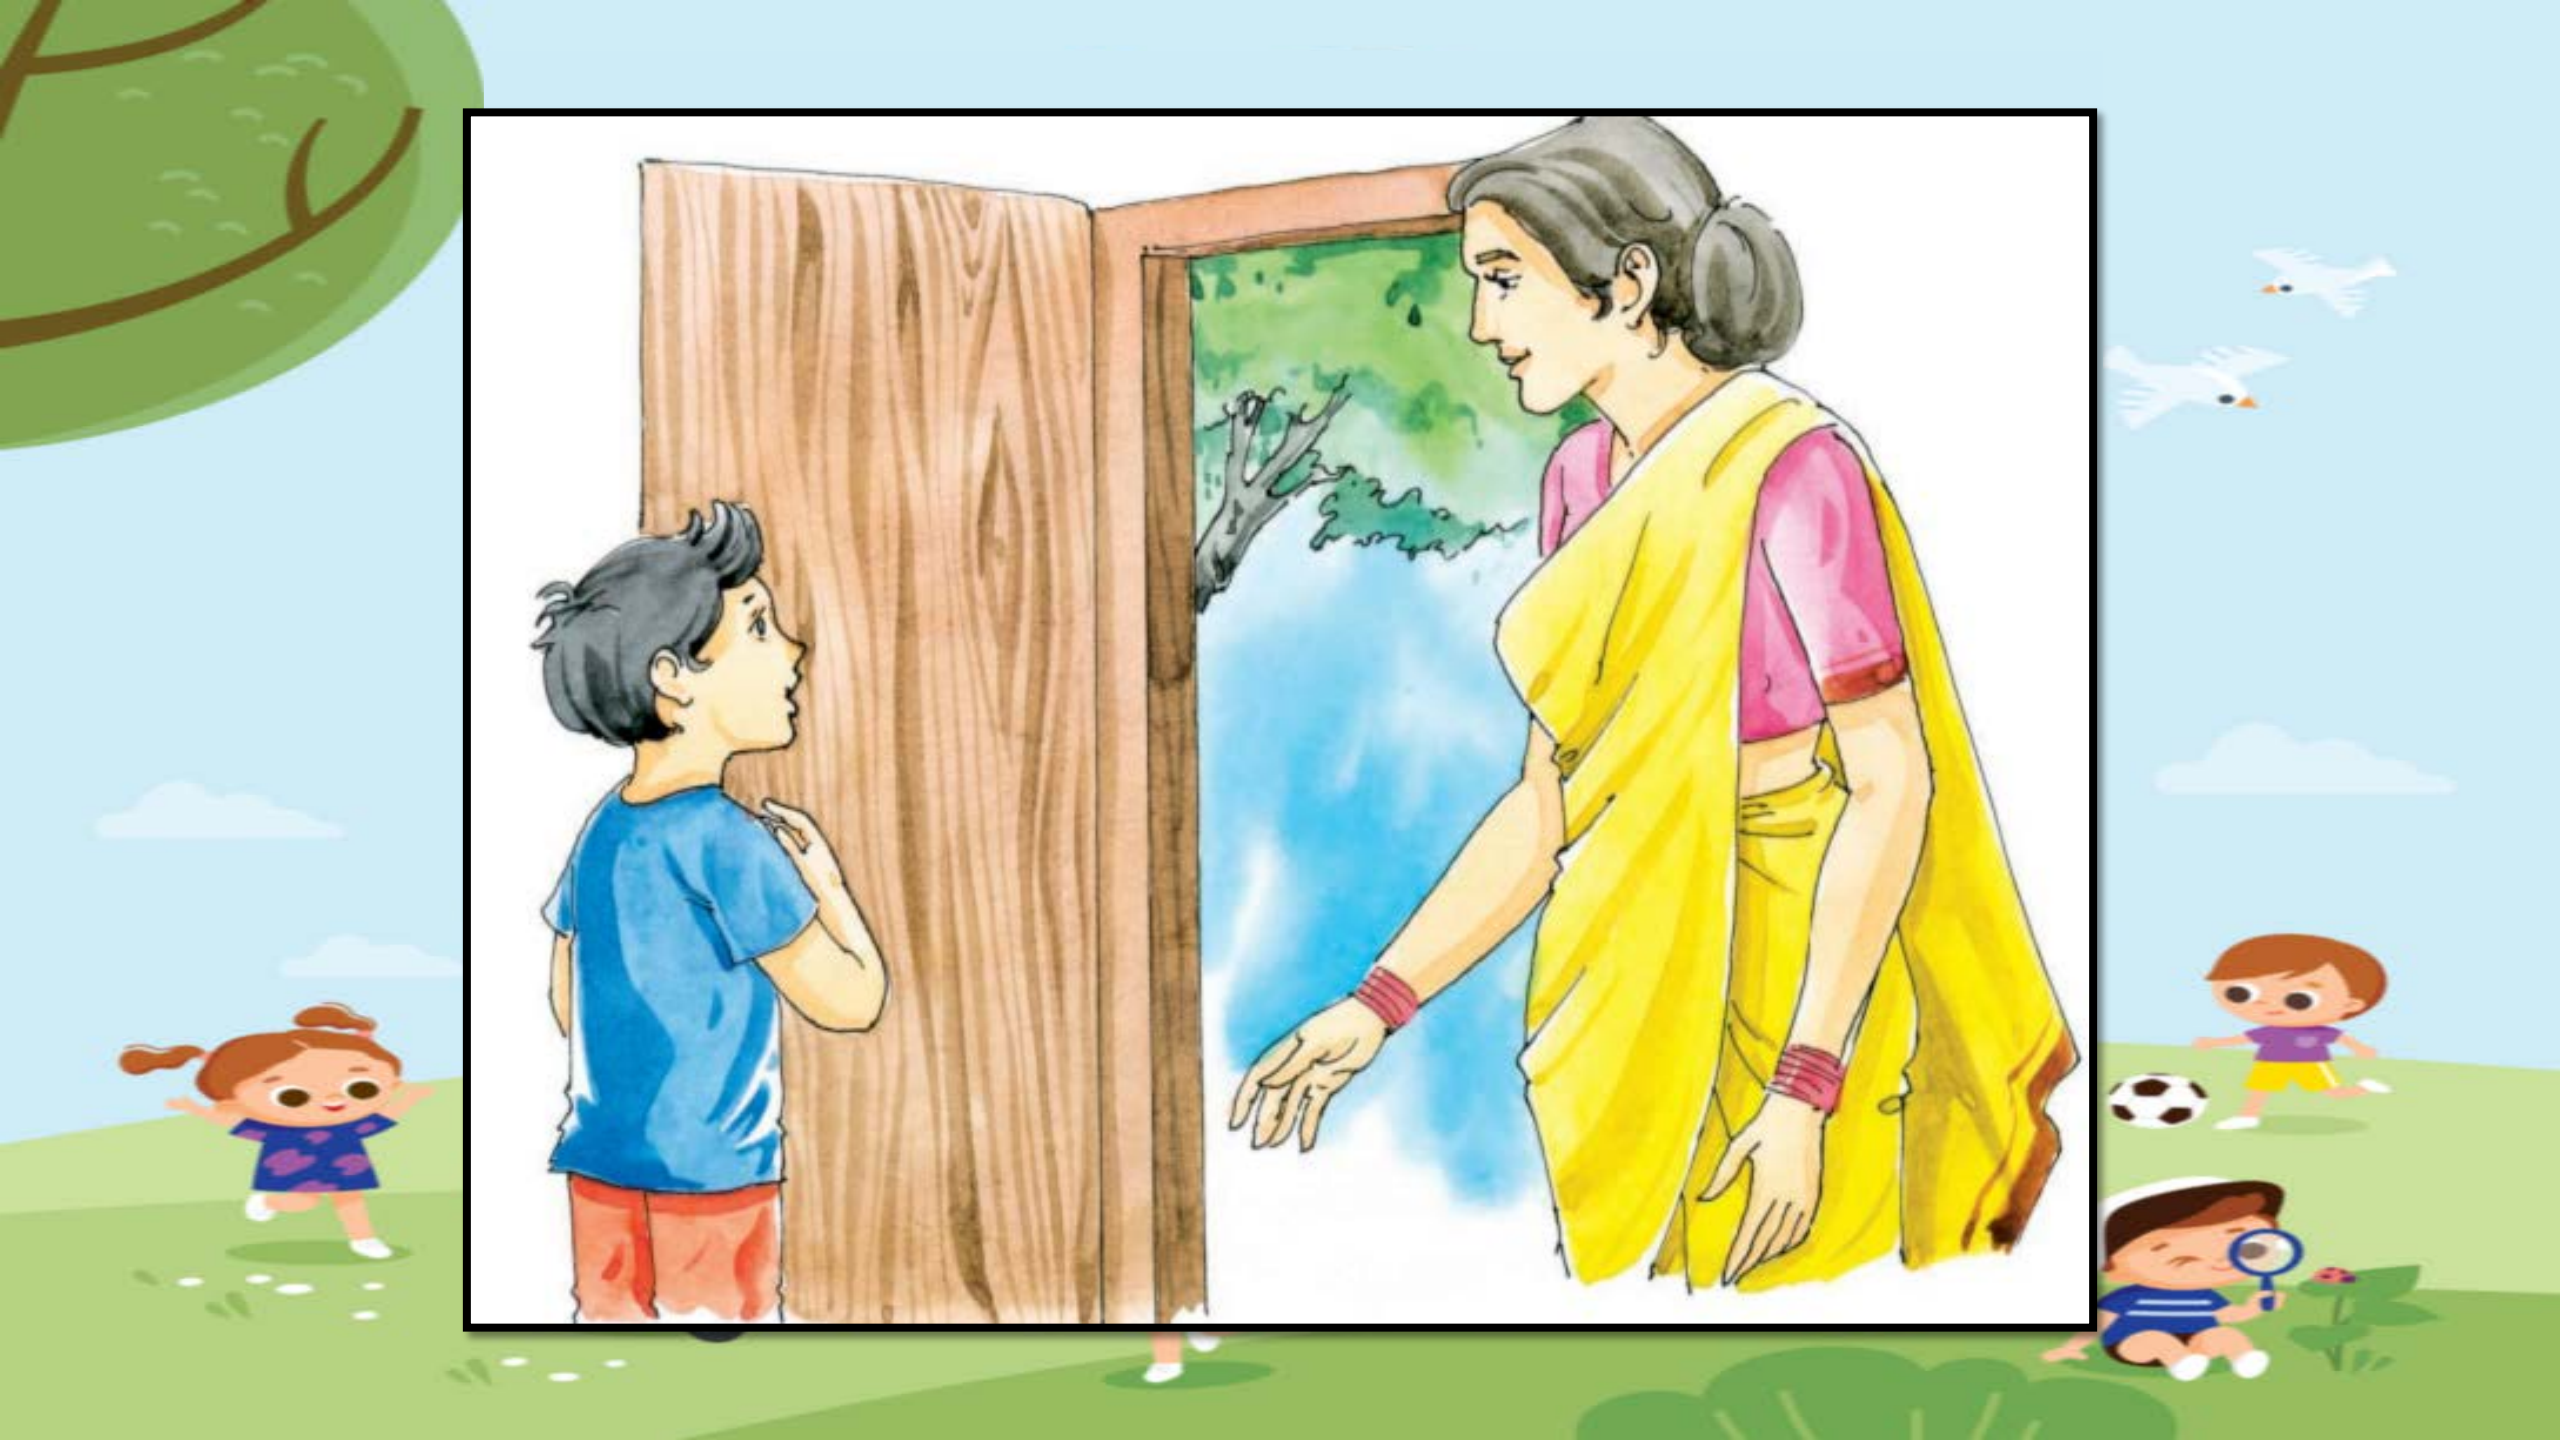

Mother : I want you to go to her house and study there. She will help you in doing your homework.

Rohit : I am sorry to say that I will not be going to her. You are my mother and I can always take help from you.

Mother: Rohit, I know that. But I do not know the fraction sums that you are doing. The descending order in unlike fractions confuses me.

Rohit: Mom that is very simple. My teacher has explained it to me very nicely and that too in an interesting way. I don't need any extra help.

Mother : Son, I want you to spend some extra time on studies.

Mrs. Swami is a good tutor.

Rohit: Mother, but I don't want to spend extra money on studies. You know how hard Papa works. I don't want his hard-earned money to be wasted on tuitions.

Mother : Mrs. Arora's daughter also goes to study there.

Rohit : Mother, I am ready to spend extra time on studies but sorry, I don't need to waste any money on tuitions.

All my teachers are good. They have taught me how to manage my time properly. I can study on my own.

Mother: Child, you don't get individual attention in the class. I want you to stand first in every subject.

Rohit: Mother, my teachers follow the latest methods and encourage every child. I understand everything in the class.

Mother : Do you really understand everything ?

Rohit: Yes, Mom. I try my best to learn everything in the school itself.

Mother: That is great! I am glad, my son understands the value of studies. I needn't worry about anything.

Rohit: Now you need not think about Mrs. Swami too !

THANK YOU
