

# 15. My Nation, My Pride

## Class 4 English

**I am proud of my nation,  
I want her to progress  
Beyond everyone's imagination.  
My nation is on the move.  
Let's uproot corruption, social evils  
And come out of the groove.  
Let's be active and alert in every role,  
Ready to meet and overcome challenges  
And strive to achieve our set goals**

**When we know that fundamental duties are  
More important than our fundamental rights  
Then our country will soar  
And scale new heights.  
We are the best in this world,  
A young country of young people  
Our tricolour has just unfurled**

**THANK YOU**
