

# **Our Animal Friends Notes**

# **INTRODUCTION**

**We see different kinds of animals around us. Some are big while some are small. Some animals live in the forest while some live in our neighbourhood. Since ages man has kept animals as pets or in farms, for his use.**

**Depending upon the use of animals for human beings, they are divided into three types. These are the wild animals, the domestic animals and the pet animals.**

# **WILD ANIMALS**

**The animals that live in the forest and that cannot be tamed by the human beings, are called wild animals. Lion, tiger, fox, bear, monkey are some of the wild animals.**

**Lion**

**Monkey**

**Bear**

**Fox**

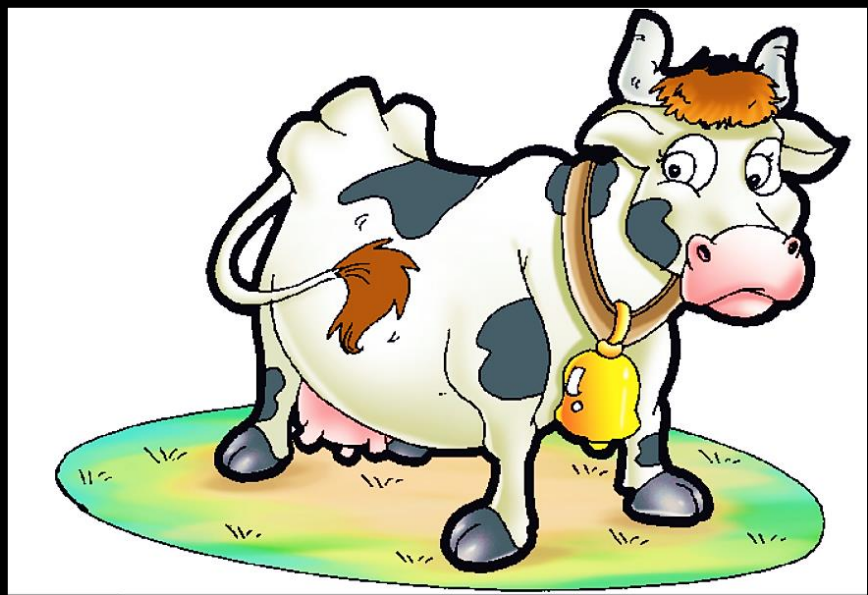

# DOMESTIC ANIMALS

The animals that are kept in the farms and are useful for human beings are called domestic animals. Cow, buffalo, horse, goat are some of the domestic animals.

**Cow, buffalo, goat give us milk.**

**Cow**

**Goat**

**Sheep gives us wool. Horse, camel, elephant are used for ride. Bulls are used to plough fields.**

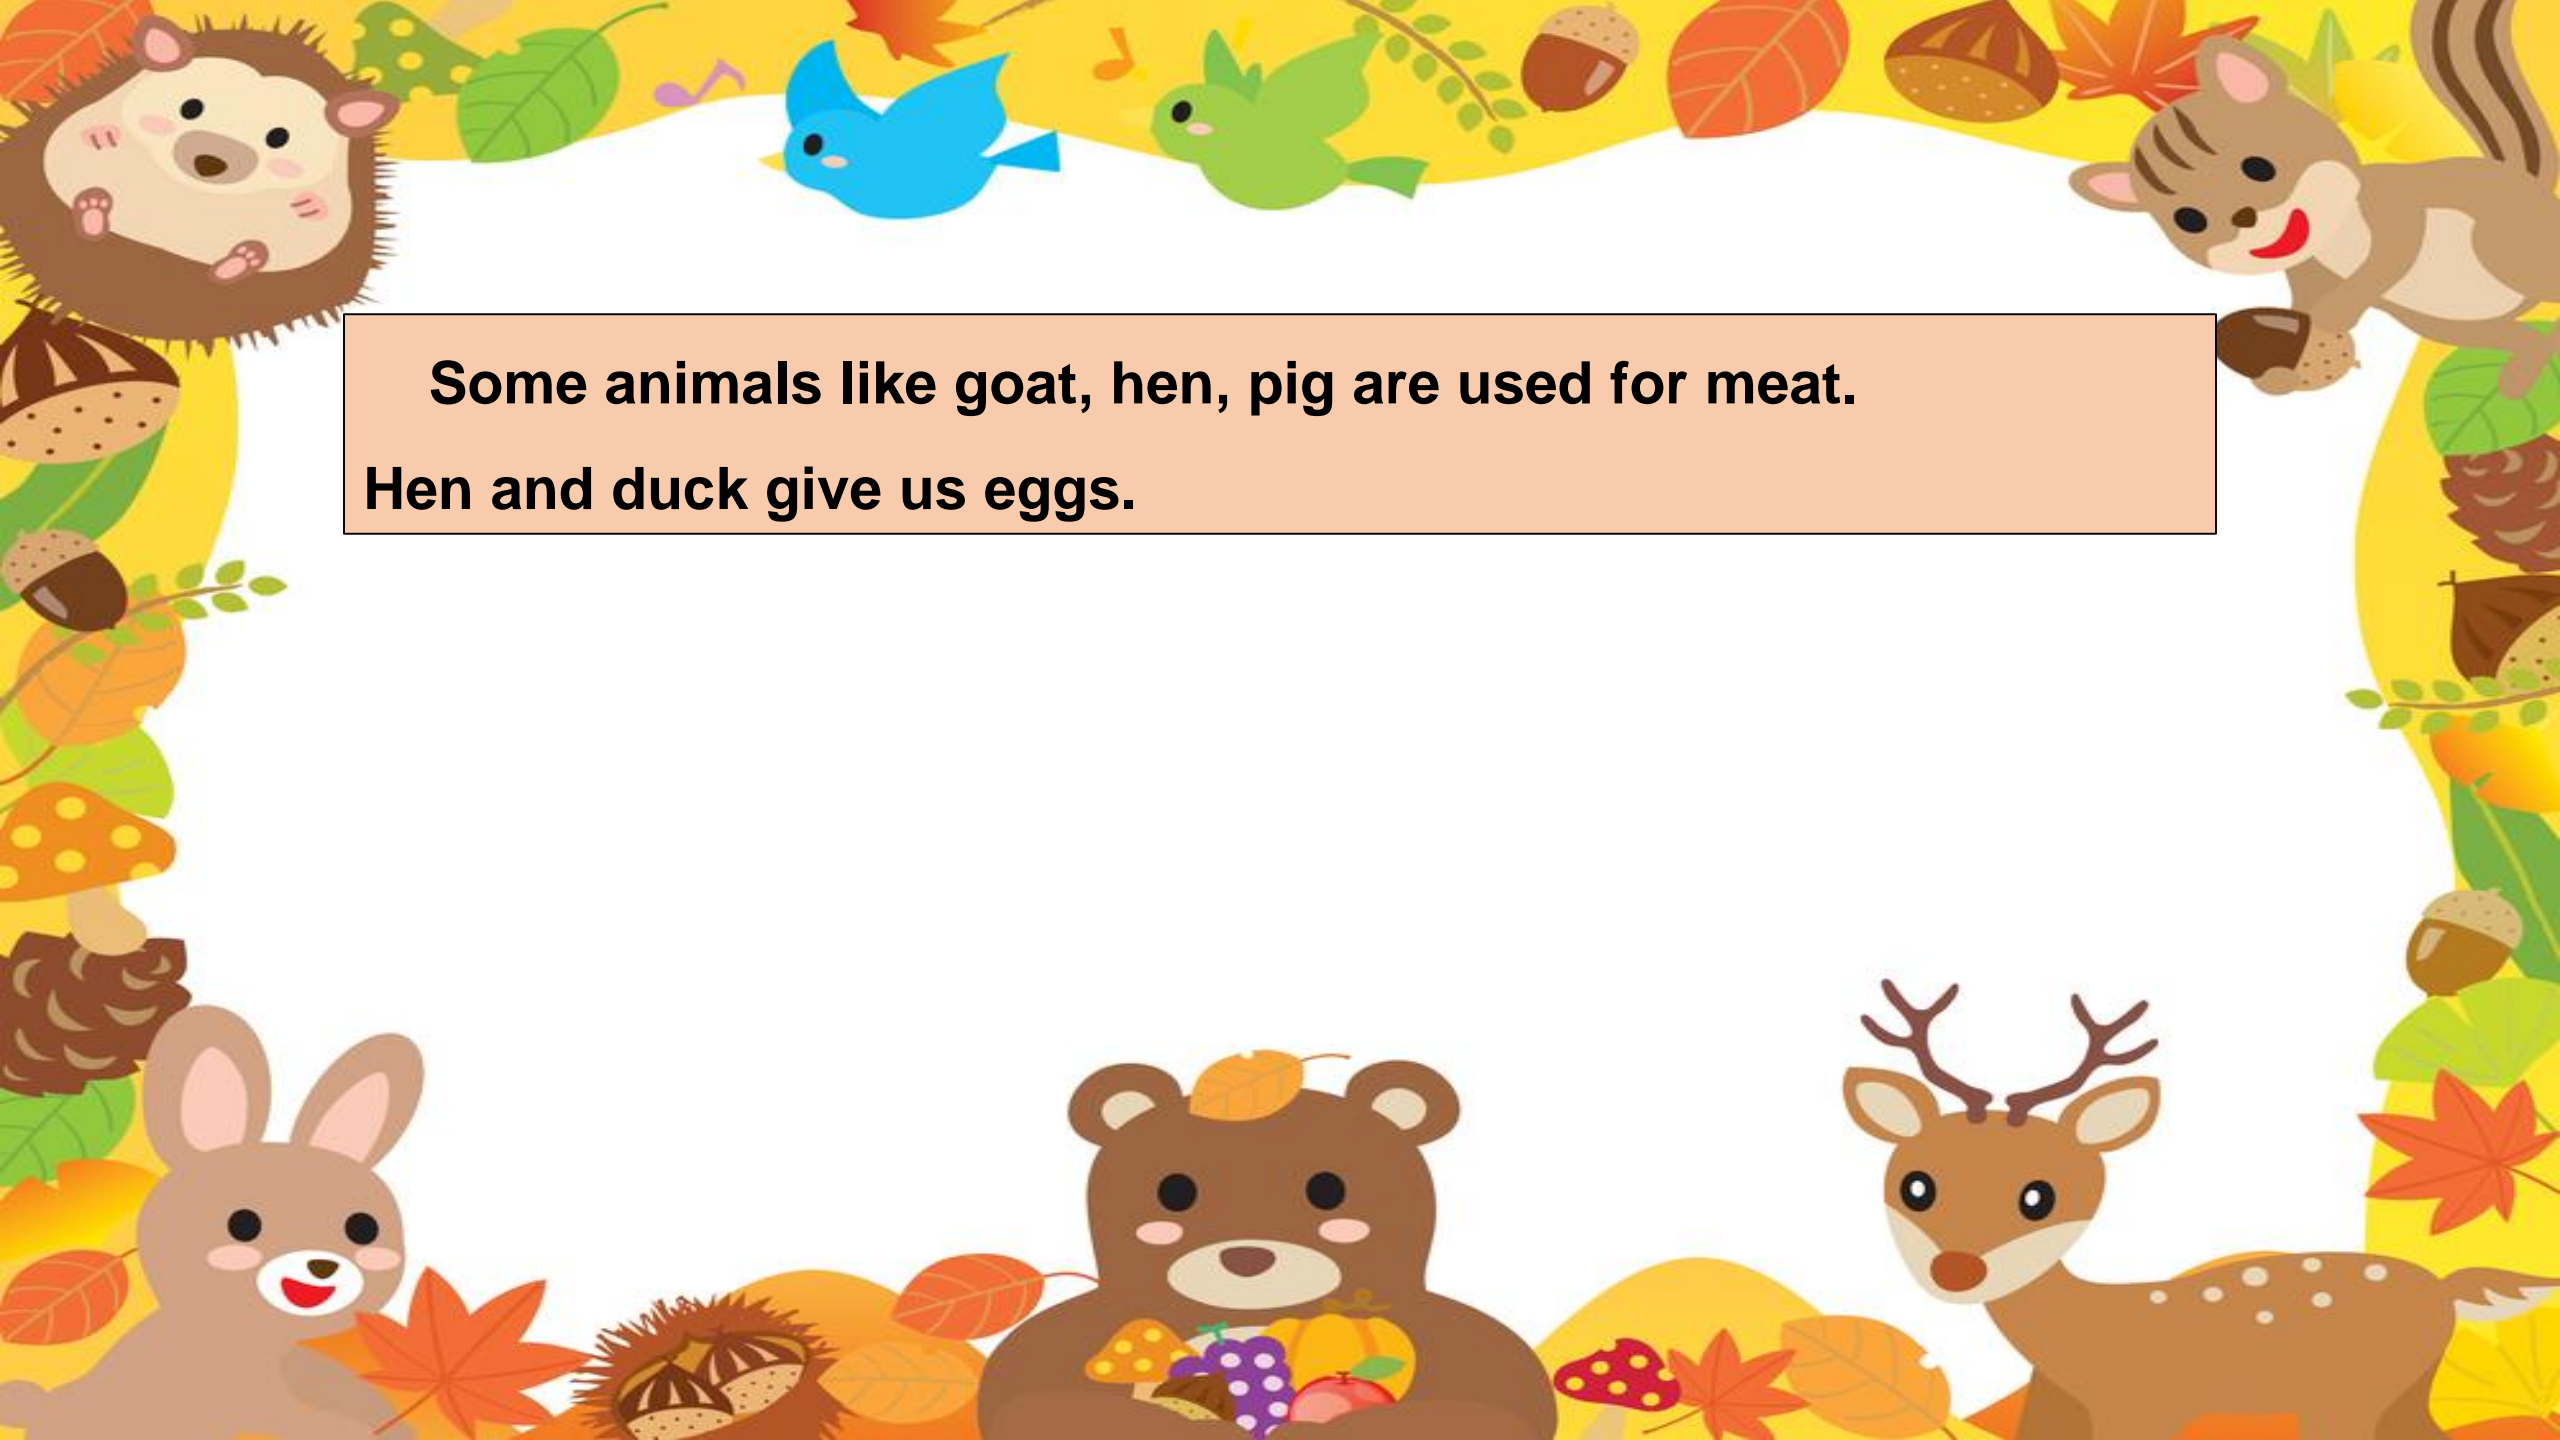

**Sheep**

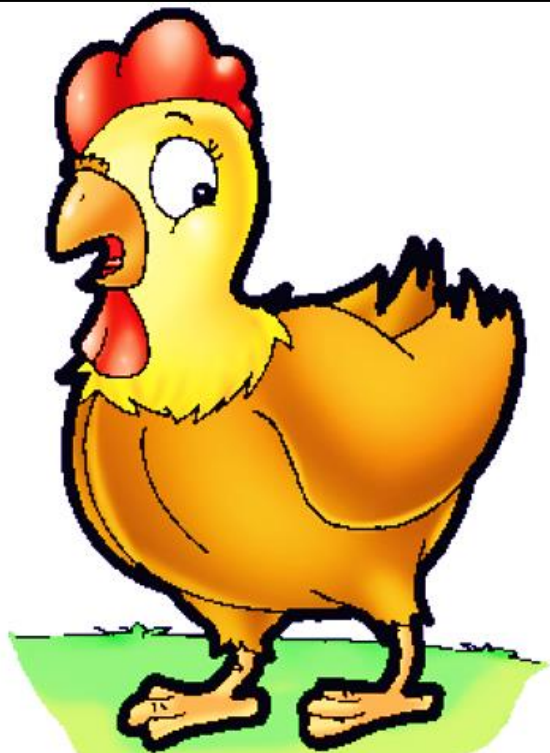

**Horse**

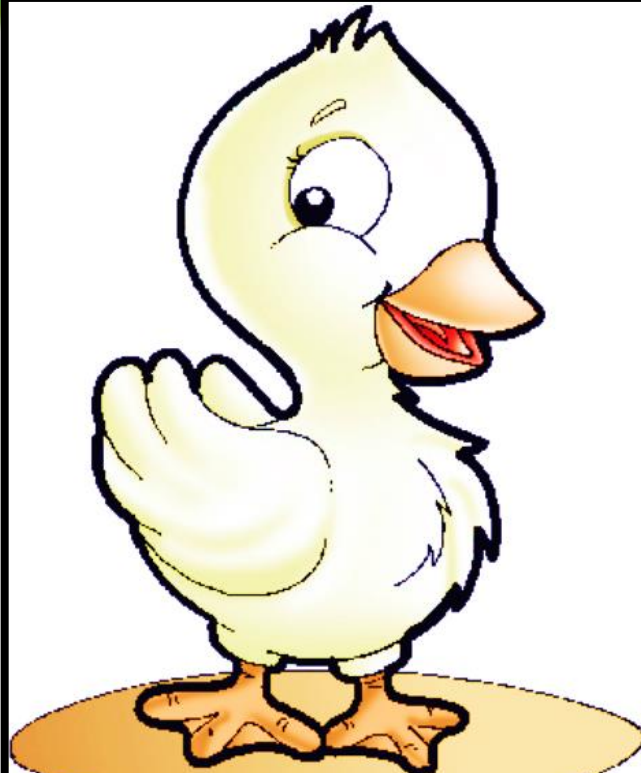

**Some animals like goat, hen, pig are used for meat.  
Hen and duck give us eggs.**

**Hen**

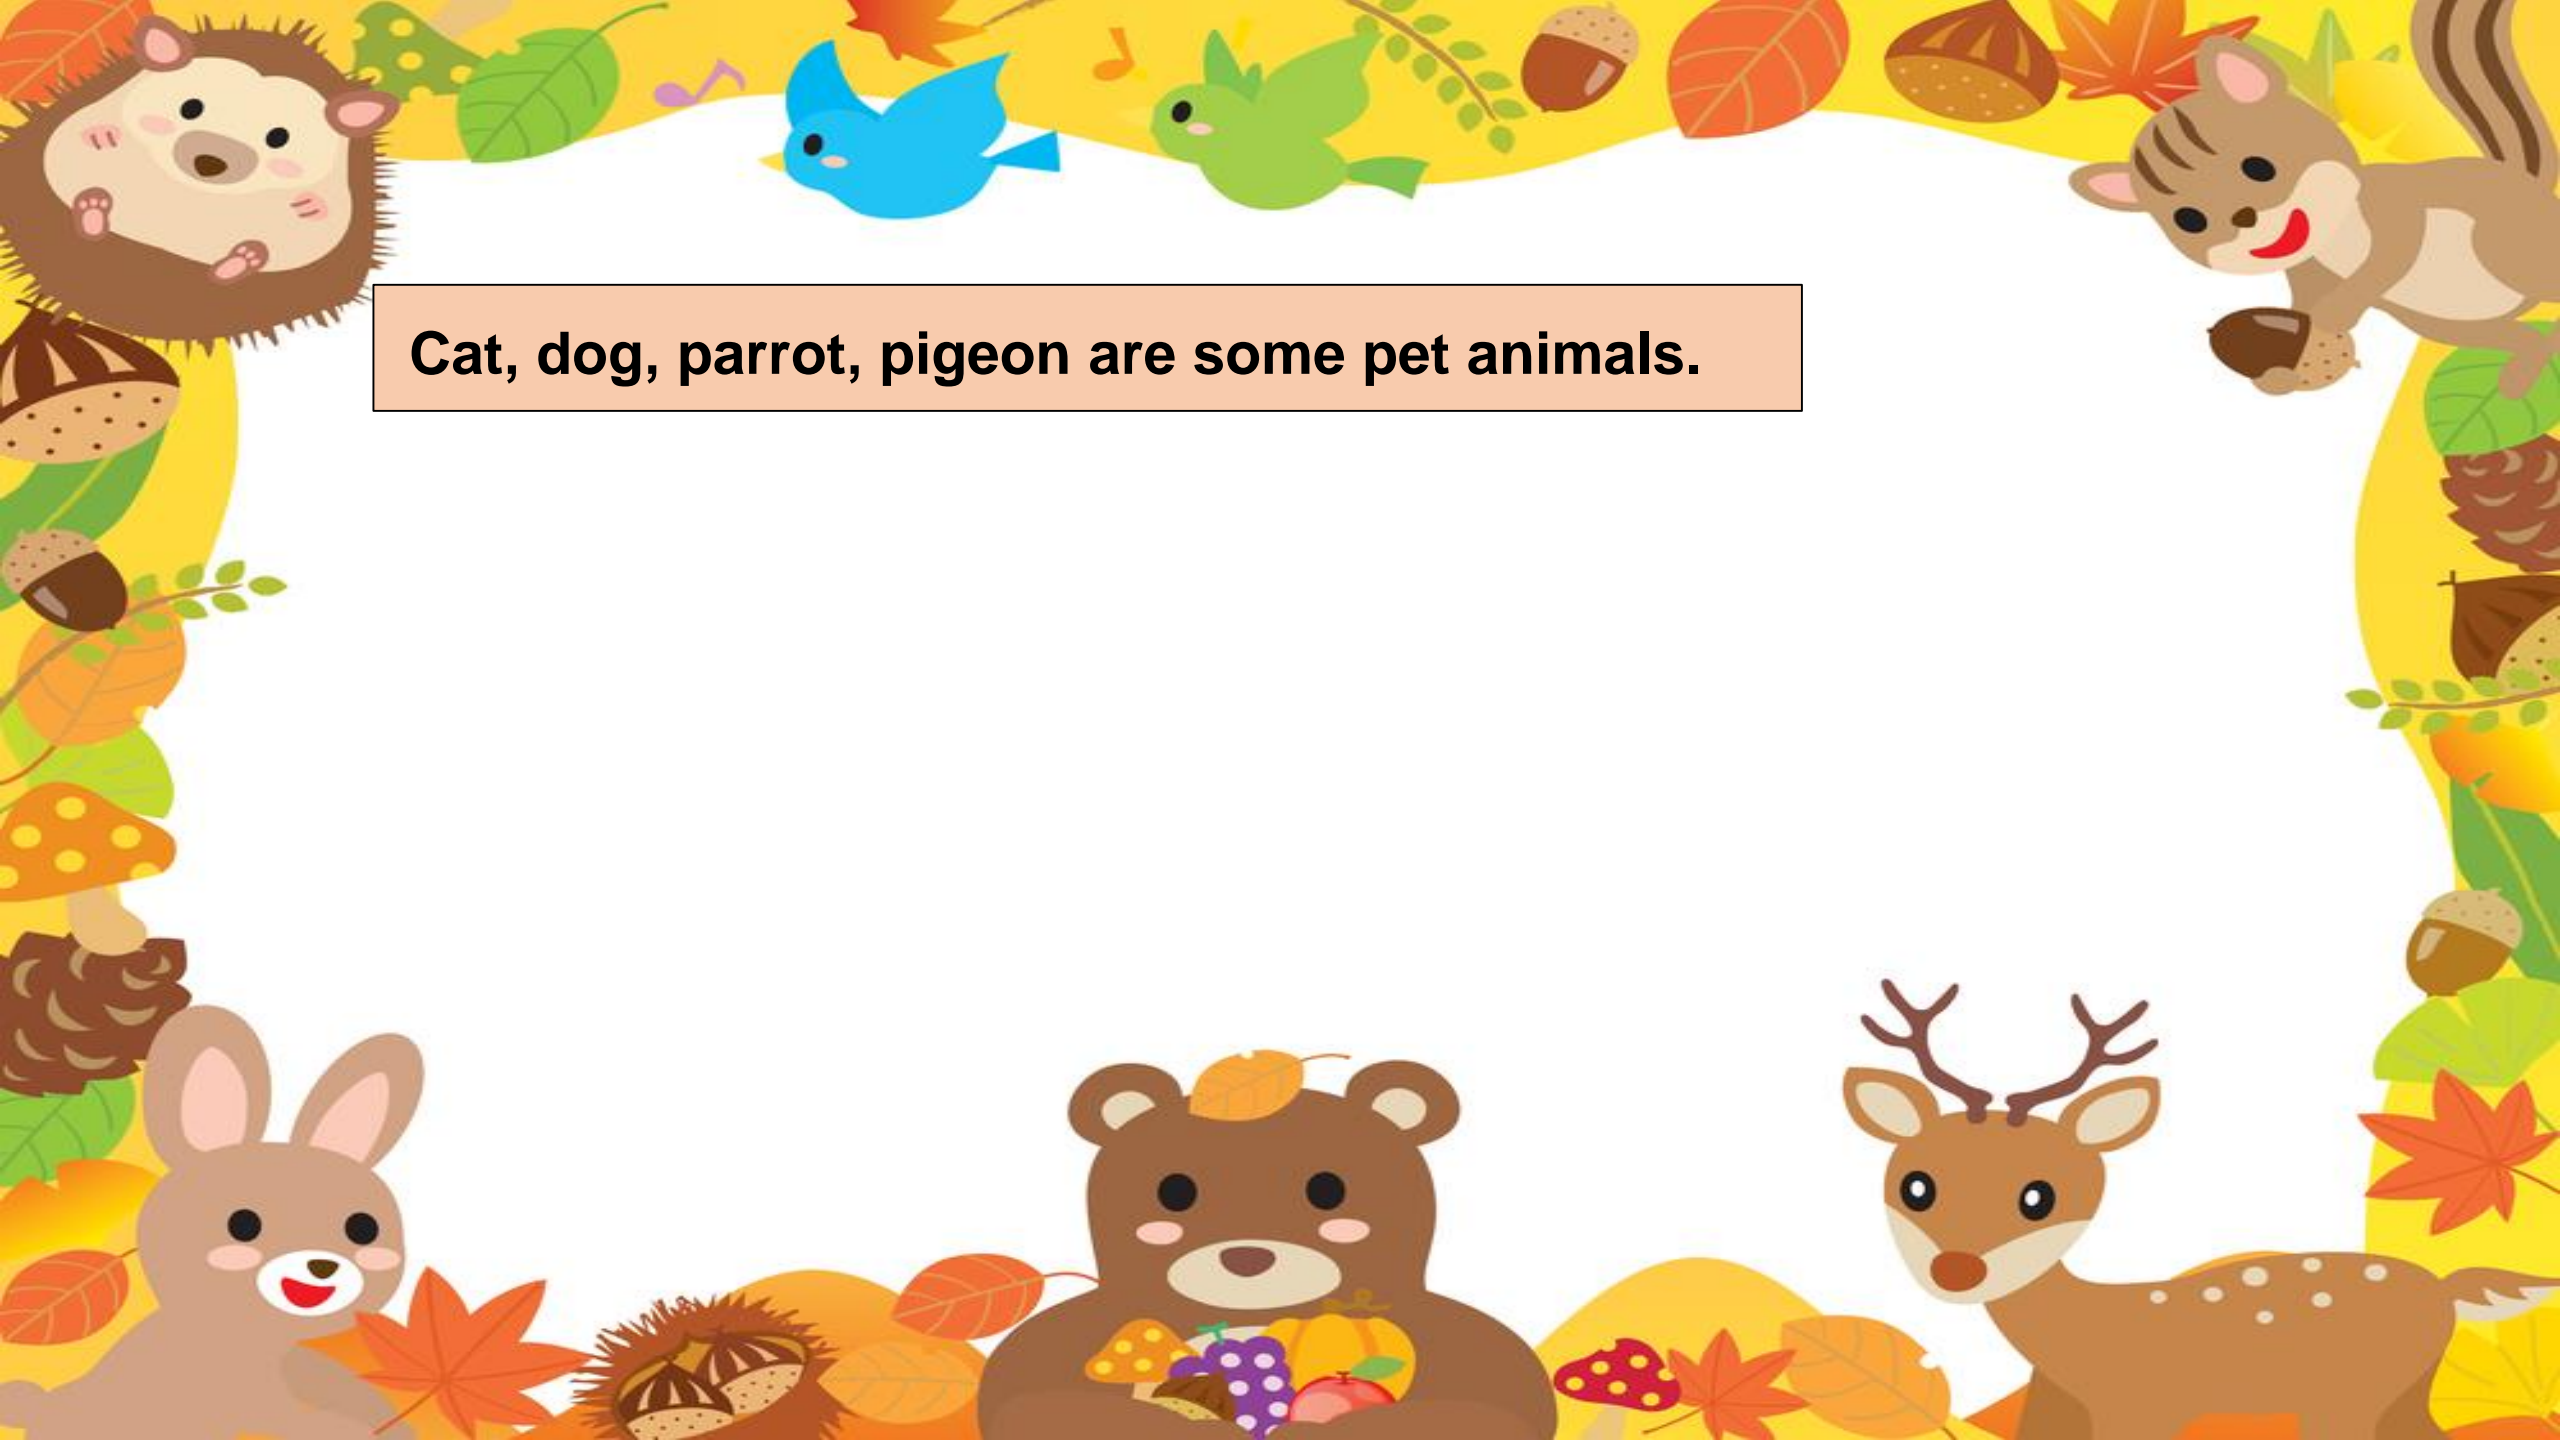

**Duck**

# **PET ANIMALS**

**The animals that are kept inside the house, for pleasure, are called pet animals.**

Cat, dog, parrot, pigeon are some pet animals.

**Cat**

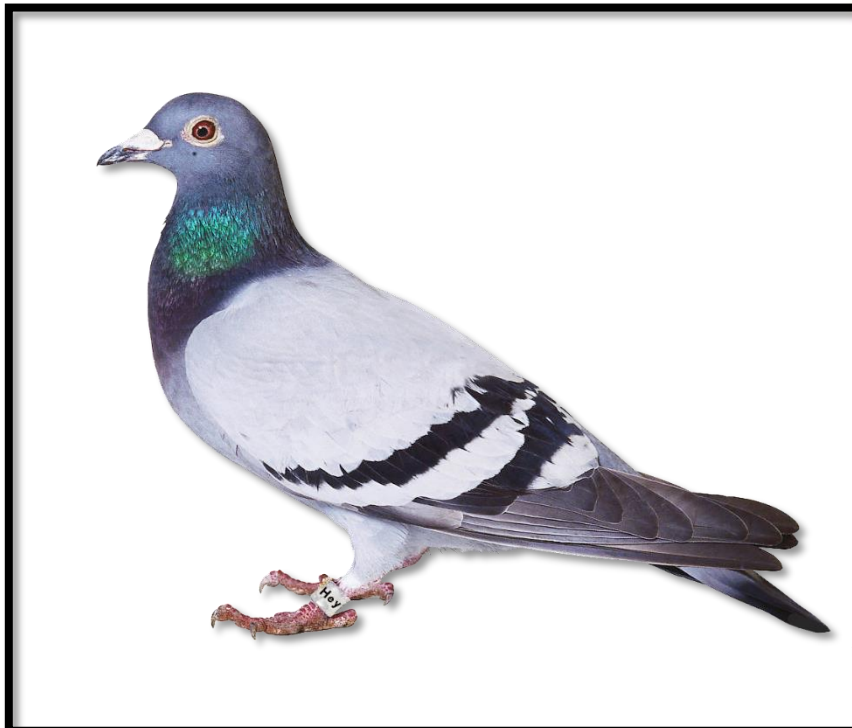

**Dog**
