

Plastic

- ➡ A. We can easily reuse plastic especially plastic bags and food packaging plastic.
- B. We can recycle plastic bottles, caps, toys, containers, drums etc.
- C. It is very easy we can also make money by collecting and selling these objects to the recyclers.
- D. Rather than throwing them away, give plastic toys or containers to the children's scrap stores or playgroups for reuse.
- E. We can use plastic containers and bags again or reuse them into something else. For example use yoghurt pots to grow seedlings.
- F. We can use oil bottles for growing plants.
