

Animal's Living Place

Where Do Animals Live?

Animals live in different places called habitats.

Some live on land, some in water, some in trees, and some in homes made by humans.

Types of Animal Homes / Habitats:

Land Animals

They live on land like forests, deserts, and grasslands.

Examples:

- Lion lives in a den
- Elephant lives in the jungle
- Rabbit lives in a burrow
- Dog lives in a kennel
- Horse lives in a stable

Water Animals

They live in water – rivers, lakes, oceans.

Examples:

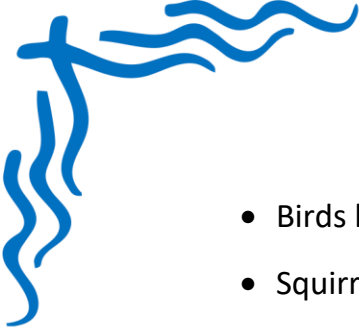

- Fish lives in water
- Dolphin lives in the sea
- Octopus lives in the ocean
- Crocodile lives in rivers and swamps

Animals That Live in Trees

They live on or in trees.

Examples:

- Monkey lives on trees

- Birds live in nests
- Squirrel lives in tree holes

Farm Animals

They live on farms and are cared for by people.

Examples:

- Cow lives in a shed
- Hen lives in a coop
- Goat lives in a barn

Quick Recap Table:

Animal	Home / Living Place
Lion	Den
Dog	Kennel
Cow	Shed
Bird	Nest
Fish	Water
Rabbit	Burrow
Horse	Stable
Hen	Coop
