

Use of A.M. and P.M.

Introduction

- A.M. and P.M. are used to tell the time of day.
- A full day has 24 hours, but a clock shows 12 hours at a time.
- A.M. stands for Ante Meridiem, which means before noon.
- P.M. stands for Post Meridiem, which means after noon.
- Time from 12:00 midnight to 11:59 in the morning is called A.M.
- Time from 12:00 noon to 11:59 at night is called P.M.
- 12:00 midnight is the start of a new day.
- 12:00 noon is midday.
