Q7. What will be the possible height of A?

- (a) 120cm
- (b) 100cm
- (c) 112cm
- (d) 101cm
- (e) None of these

Q8. Who among the following is third shortest?

- (a) A
- (b) C
- (c) B
- (d) F
- (e) None of these

Direction (9-13): Study the following information carefully and answer the given questions.

Twelve persons are sitting in two parallel rows at equal distance facing each other. Q, R, S, T, U and V are sitting in Row 1 facing south. B, C, D, E, F and G are sitting in Row 2 facing north (but not necessarily in the same order).

G sits third to the right of B and one of them sits at the end of the row. Q sits at the right end of the row. Three persons sit between Q and T. F sits to the immediate left of G. Two persons sit between F and C. C who faces R sits to the immediate right of E. S faces D. U sits to the immediate left of S.

Q9. Which of the following pair sits at the extreme ends of the Row 2?

- (a) B & E
- (b) G & E
- (c) B & C
- (d) G & C
- (e) None of these

Q10. Who sits second to the left of the person facing V?

- (a) B
- (b) D
- (c) F
- (d) C
- (e) G

Q11. What is the position of U with respect to R?

- (a) Third to the left
- (b) Second to the left
- (c) Second to the right
- (d) Third to the right
- (e) None of these

Q12. Who is facing F?

- (a) T
- (b) U
- (c) Q
- (d) S
- (e) None of these

Q13. If the positions of all persons sitting in Row 2 are arranged as per the English alphabetical order from left to right, then who among the following faces D?

- (a) Q
- (b) R
- (c) S
- (d) T
- (e) None of these

Directions (14-16): In each of the following questions some statements are given and these statements are followed by two conclusions numbered (I) and (II). You have to take the given statements to be true even if they seem to be at variance from commonly known facts. Read the conclusions and then decide which of the given conclusions logically follows from the given statements, disregarding commonly known facts.

Give answer:

- (a) If only (I) conclusion follows.
- (b) If only (II) conclusion follows.
- (c) If either (I) or (II) follows.
- (d) If neither (I) nor (II) follows.
- (e) If both (I) and (II) follow.

Q14. Statements: All DSLR are Lenses.

Some Camera are DSLR.

Conclusions: I. All camera is lenses.

II. Some lenses are camera.

Q15. Statements: All Label are Packets.

All Mobiles are Cables.

Some Mobiles are packets.

Conclusions: I. Some Label is mobile.

II. Some Cables are Label.

Q16. Statements: Some Book are Pen.

Some Pens are Pencil.

Conclusions: I. No Book is pencil.

II. All Pencils are Book.

IBPS Clerk Prelims Memory Based (English Language)

Directions (71-76): Read the following passage and answer the questions that follow it. Some words are highlighted to help you answer some of the questions.

Conversations about the role of flexible working have shifted. It's no longer enough for companies to offer employees the option to either work from home or the office. Employees want to work from anywhere. Companies that want to attract and retain top talent, and ensure teams are highly productive, need to adapt their culture and technology to accommodate this shift in attitudes. And this is where the IT department can solidify its role as a valued contributor to the success of a company, by implementing technologies that enable secure and remote collaboration.

According to a recently commissioned Polycom survey, 24,000 respondents across 12 countries indicate that nearly two-thirds of today's global workforce take advantage of the anywhere working model. This is a significant shift since May of 2012 when only 14% of employees benefited from remote working. The survey results also provide insights into some of the concerns among companies in moving forward with the anywhere working model. Two significant concerns are a lack of trust and the perception that employees are not working as hard when they are not in the office. Also, among the 45-60-year-old age group, 59% worry that working anywhere will cause them to work longer hours. The fear of being always connected to work and overworking is a significant deterrent for this age group.

A good first step for companies to overcome the trust and perception concern is to ensure workers are measured by output and not by the hours they have worked, commonly referred to as 'presenteeism.' Countries like Brazil lead the pack here with 80% of employees adopting the anywhere working model, and 64% respondents use video to communicate several times a day. When respondents were asked how their companies could improve trust and perceptions with the anywhere working model, the most popular recommendations were to: Equip workers with technology that is easy to use and which connects them to their colleagues; Ensure the same policies are applied to everyone in the business, regardless of seniority or their situation; and Provide guidelines on how to manage working from anywhere.

91% of those surveyed agreed that technology is a key factor in improving relationships and fostering

better teamwork. This suggests that investing in the right technologies, in particular video collaboration, to get the most out of individuals and teams can help solve the lack of trust and perception concerns. And this is where the IT department can become a difference maker as they can implement technologies, such as video conferencing, to ensure colleagues can seamlessly collaborate wherever they are.

Q71. What is the shift in attitude of employees as discussed in the passage?
