Learning Outcomes

By the end of this chapter, students will be able to:

- Learn that animals live in different places like forests, oceans, and homes.
- Understand that animals need food, water, and shelter to live.
- Know that animals can be wild or domestic.
- Learn that wild animals live in nature and are free, like lions and elephants.
- Understand that domestic animals live with humans, like dogs, cats etc.

Let's Start

Soni to Sophia's house.

Animals are all around us. They are of different types and live at different places.

WILD ANIMALS

Some animals live in forests. They are called **wild** animals. Lion, tiger, giraffe, elephant, bear and fox are some of the wild animals. Some wild animals like elephant, lion, tiger etc. are big. Other animals like fox, monkey and squirrel are **small**.

Bear

Monkey

Zebra

Fox

Tiger

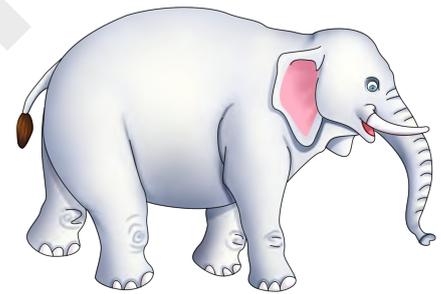

Giraffe

Squirrel

Hippopotamus

Elephant

Let's Do

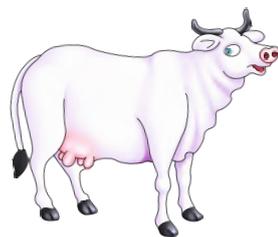

Visit a nearby zoo. Observe wild animals. Note their food also. Make a list of ten wild animals and their food.

DOMESTIC ANIMALS

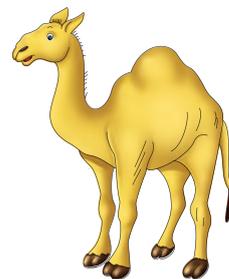

Some animals live with us in our houses or farms. They are called domestic animals. Like cow, buffalo, goat, horse, sheep, camel, pig, hen and duck are all domestic animals.

Buffalo

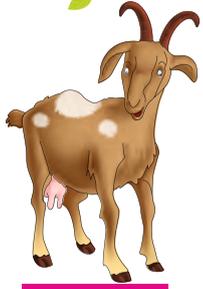

Cow

Camel

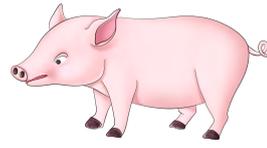

Horse

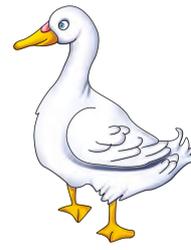

Goat

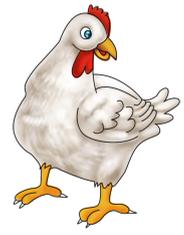

Sheep

Pig

Duck

Hen

Domestic animals are very useful to us. Hens and ducks give us **eggs**. Cows, buffaloes and goats give us **milk**. Goat, hen and fish give us **meat**. Camel and horse carry our **loads**. Sheep and rabbit give us **wool**.

PET ANIMALS

We keep some animals in our homes as our friends. They are called pet animals. Cat, dog, rabbit, fish and birds are some of the animals that we keep as our pets.

Cat

Dog

Rabbit

Fish

Birds

Pets give us company.

- A pet dog guards our house. It keeps the thieves away.
- A pet cat catches the mice.
- We should take good care of our pets.
- We should give them clean food and water.
- We should also provide them clean and comfortable shelter.
- We should never tease our pets.

Let's Do

Answer the following questions:

1. Do you have a pet at home?
2. If not, would you like to keep a pet?
3. Paste the coloured picture of an animal you like to keep as a pet.
4. Also, write its name.

FOOD OF ANIMALS

Animals also need food to live and grow.

Different animals eat different kinds of food.

Take a Task  Watch Remedial 

- Some animals like lion, tiger, wolf. etc. eat the **flesh** of other animals.
- Some animals like cow, buffalo, goat and horse eat only **plants** and **grass**.
- Some animals like sparrow, duck, hen and parrot eat **grains** and **insects**.

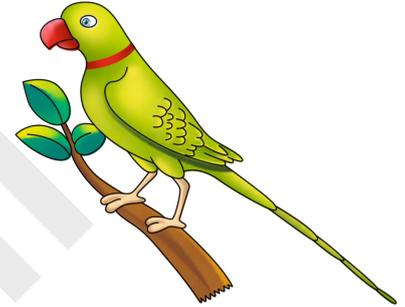

Sparrow

Duck

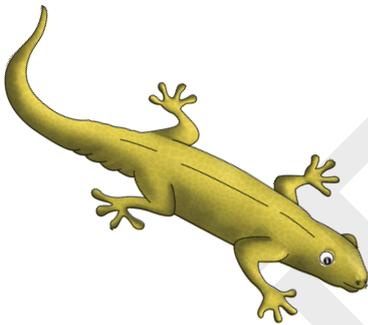

Hen

Parrot

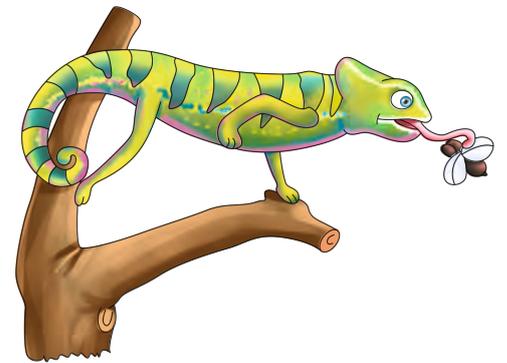

Some animals like lizards, spider and chameleon eat small **insects** and **worms**.

Lizard

Spider

Chameleon

Animals are our friends.

We should take good care of them.

Word Treasure

- **Forest** : Jungle
- **Thief** : A person who steals some things from others.
- **Guard**: To protect.
- **Flesh** : Body parts of animals.

Let's Revise

- Wild animals live in forest, e.g. tiger, bear, monkey, deer, etc.
- Domestic animals live with us in our houses or farms, e.g. cow, buffalo, horse, goat, sheep, duck, hen, etc.
- Pet animals live with us in our house, e.g. cat, dog, fish, etc.

Clean and Green Exercises

Gap Analyzer..
Take a Test

A. Name the following:

- Two animals we find in a zoo (a) (b)
- Two wild animals in a circus (a) (b)
- Two plant eating animals (a) (b)
- Two animals kept as pets (a) (b)
- Two flesh eating animals (a) (b)

B. Write the name of any two animals, from whom we get the following things:

1. 
Milk

2. 
Eggs

3. 
Meat

4. 
Wool

Write their names in the given spaces.

C. Answer the following questions:

- Which animals are called wild animals?

.....

Custom Learning Path

Scan to Create Your Own Learning Path

2. Name any two domestic animals.

.....

3. How should we take care of our pets?

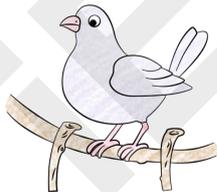

.....

4. Name any two animals which are grain eaters.

.....

Nut Cracker

Here are the pictures of some animals. Some of them can run and some of them can fly. Write their name in proper column.

Do you also keep a pet or a domestic animal?
How do you take care of them?

Wonder Explorers

Wild, Domestic, and Pet Animals

STEM

Let's learn about different types of animals and how they live.

Activity: Animal Classification Chart

1. **Task:** Create a table with three columns: "Wild Animals," "Domestic Animals," and "Pet Animals."
2. **Steps:** List animals in each category (e.g., lion under wild, cow under domestic, dog under pet).
3. **Activity:** Share your chart in class and explain why you grouped the animals this way.

Learning

Understand the differences between wild, domestic, and pet animals, and learn where they live and how they interact with humans.

Skills Covered: Observation, Creativity, Communication

Little Techies

Artificial Intelligence

Ask an AI device like Alexa or Siri:

1. What is the difference between wild, domestic, and pet animals?
2. What do herbivores, carnivores, and omnivores eat?

Skills Covered: Logical thinking, Digital literacy, Curiosity

Colors and Creations

Art

Draw pictures of wild, domestic, and pet animals. Label each animal and decorate your drawing with colors. Share your artwork and talk about where each animal lives and what it eats.

Skills Covered: Creativity, Expression, Collaboration

Language Links

Learn and write the names of wild, domestic, and pet animals in your mother tongue and another language. Discuss how animals are cared for in different cultures.

Skills Covered: Language awareness, Social skills
